MONSIGNOR BONNER HIGH SCHOOL

Drexel Hill

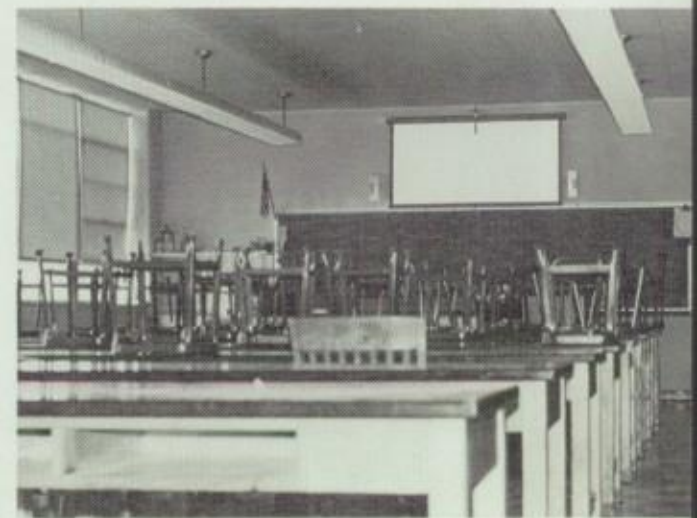

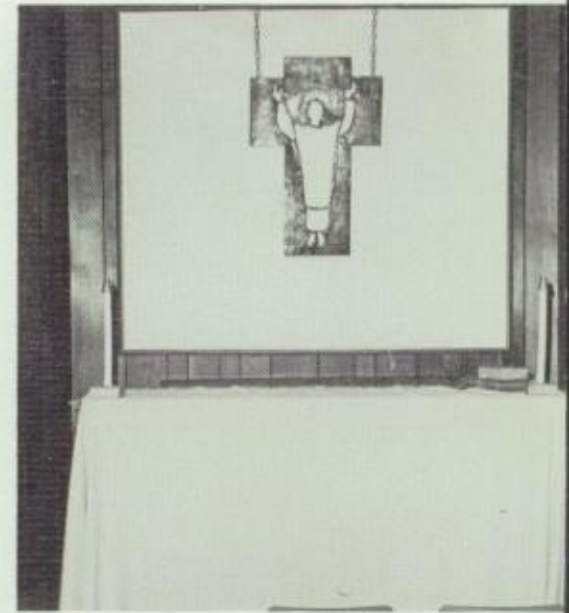

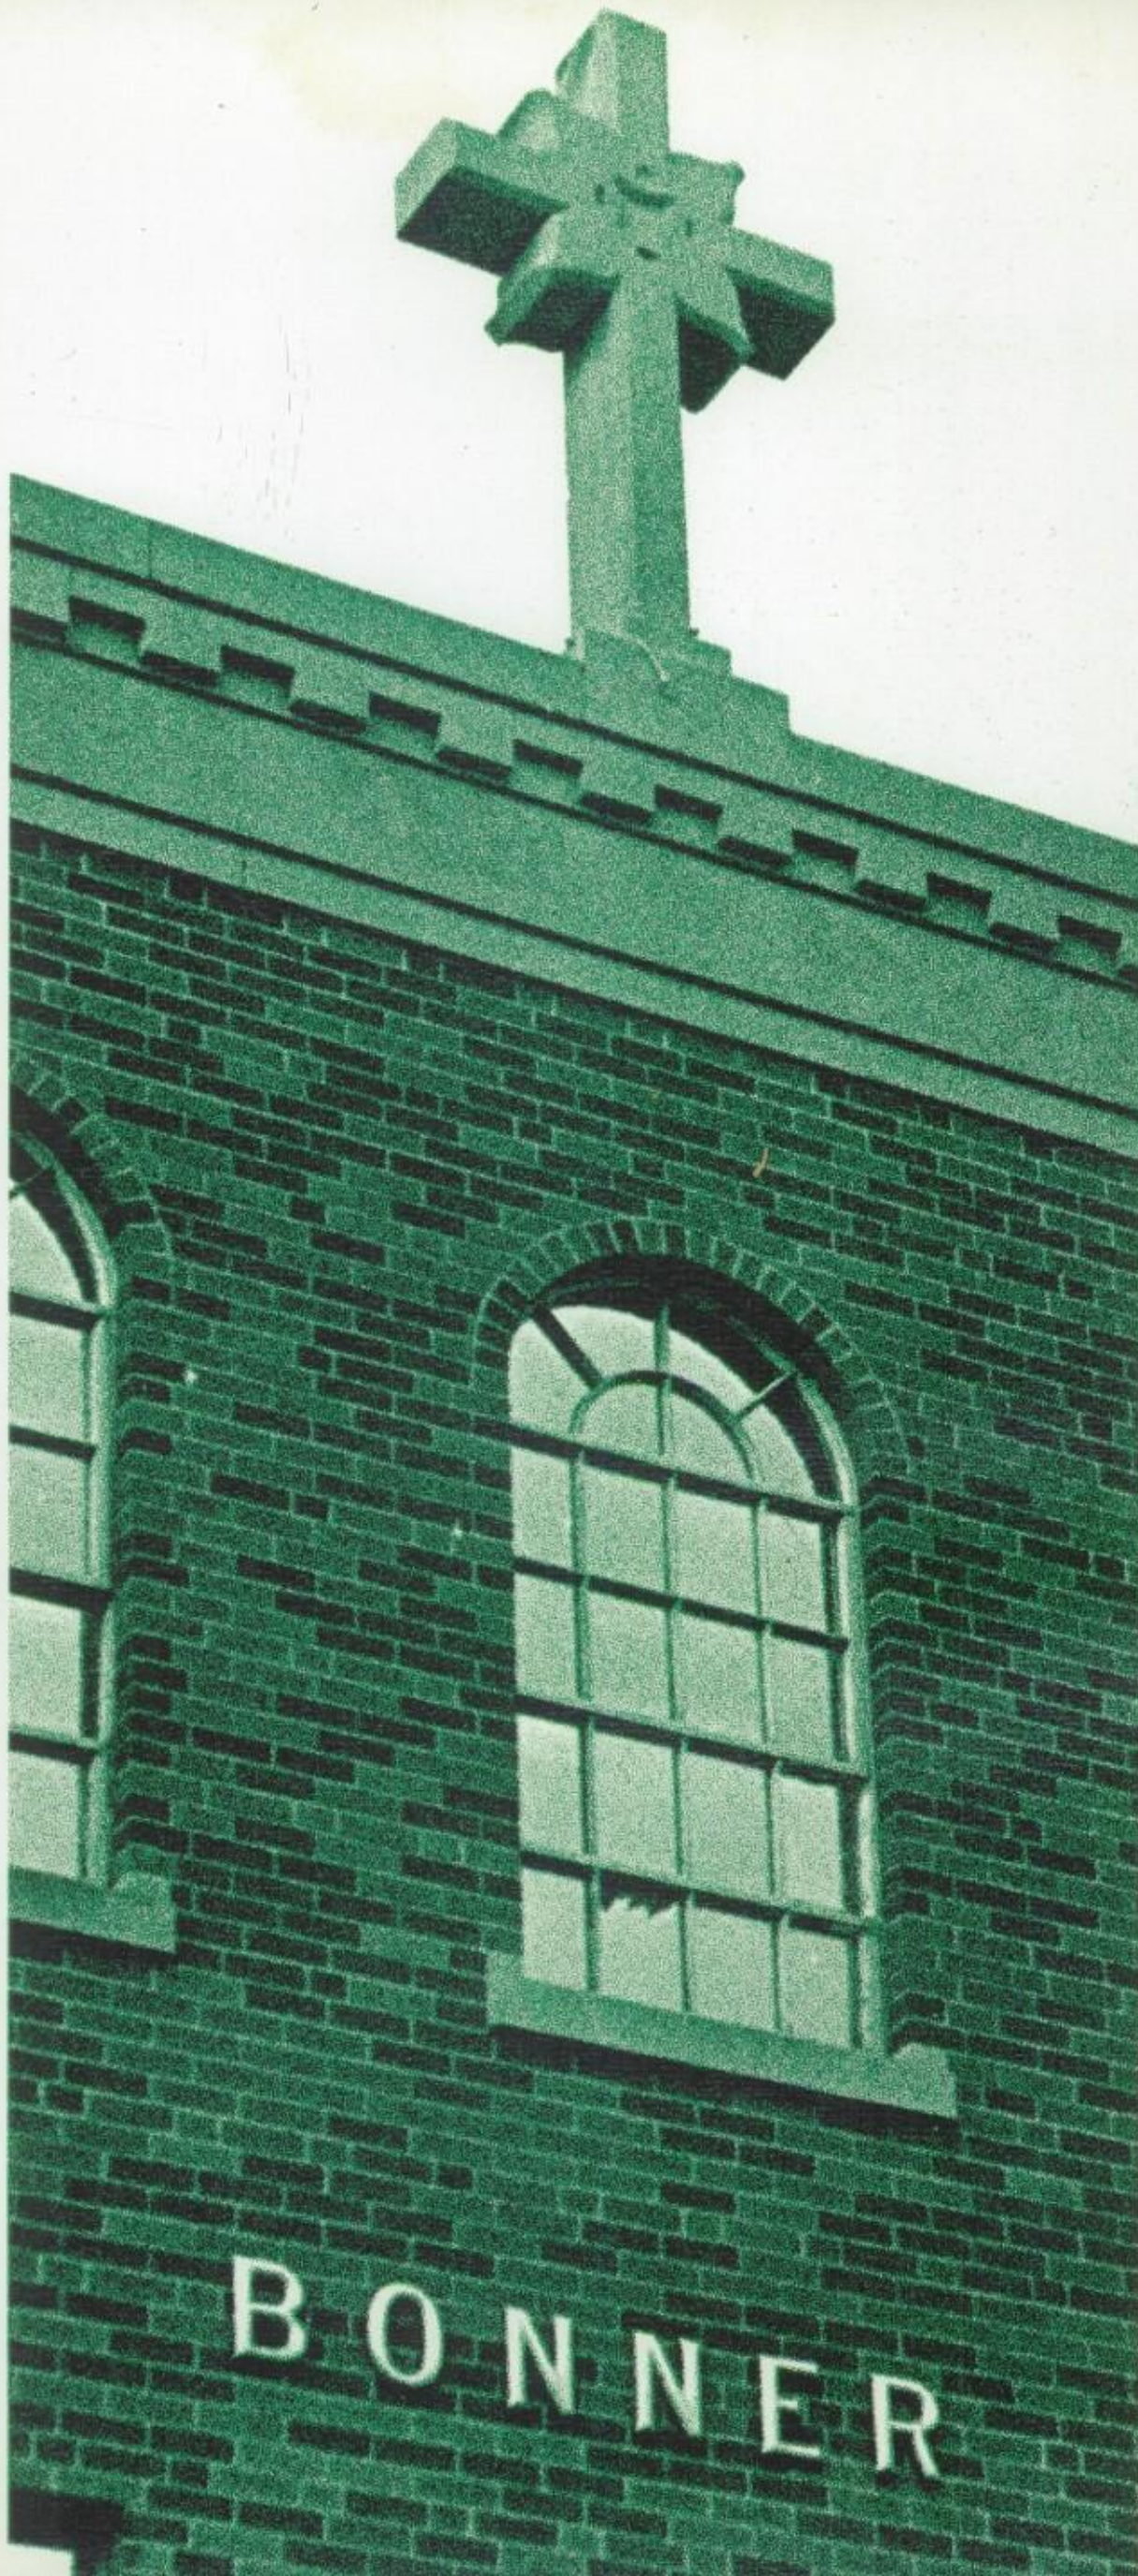

Pennsylvania

In the Spring of 1956, Rev. John L. Gallagher—founder and first principal of Bonner—broke ground for the new building. So after spending three years in Prendie, the Class of 1957 was the first ever to be graduated from Msgr. Bonner High School.

Right Reverend
Monsignor John J. Bonner, D.D.
Superintendent of Schools
1926-1945

Msgr. Bonner was born in Philadelphia on November 7, 1890. He was educated at St. Agatha's School for two years and Our Mother of Sorrows for six years. After graduation from Roman Catholic High School, he entered St. Charles Seminary and later was transferred to Rome where he was ordained in 1917. After returning to this country, he served in various positions throughout the Diocese and in July, 1926, Dr. Bonner was appointed Diocesan Superintendent of Schools.

According to the American Catholic Historical Society, "Monsignor Bonner was the best-known Catholic educator in the country." Among the achievements of his nineteen year tenure as Superintendent were the increase in the number of tuition-free Diocesan High Schools from three to twelve and the founding of the Philadelphia Catholic League. He was indeed a spiritual and educational pioneer. On November 27, 1975, we will observe the Thirtieth Anniversary of his death, and we, the members of the Class of 1975 of Monsignor Bonner High School, wish to dedicate this book to his memory. We will attempt, not only to document the events of our senior year, but also to "... focus on our heritage and view the realities of Bonner."

He actually lived his work of Catholic education . . .

Catholic and secular educators alike paid tribute to his genius in school organization and administration. His advice and counsel were sought on all sides in matters educational, and his opinions were received with respect and attention. He actually lived his work of Catholic education. It became a part of his very being, and through him not only this community but the nation as well, has come to know and to appreciate, at its true value, the achievements of Catholic education. This was Monsignor Bonner, the educator.

FACULTY

PRINCIPAL

Rev. Harry J. Erdlen, O.S.A.

The office of principal is one of many responsibilities, demanding a person of decision, sensitivity, and discretion. Fr. Harry Erdlen, the man from whom these qualities are demanded, finds that the magnitude of his position calls for a broad personal involvement—difficult, but fulfilling.

An able administration, cooperative faculty, and spirited student body aid Fr. Erdlen in his duties. However, the focal position of principal is a one-man job aimed toward the welfare of the student. Fr. Erdlen has discovered during his tenure at Bonner that while some decisions draw criticism, the opportunity and necessity to make such decisions is one he appreciates as proper to the office.

*Many thanks!
Harry J. Erdlen O.S.A.*

Charles P. Steckel

VICE-PRINCIPAL

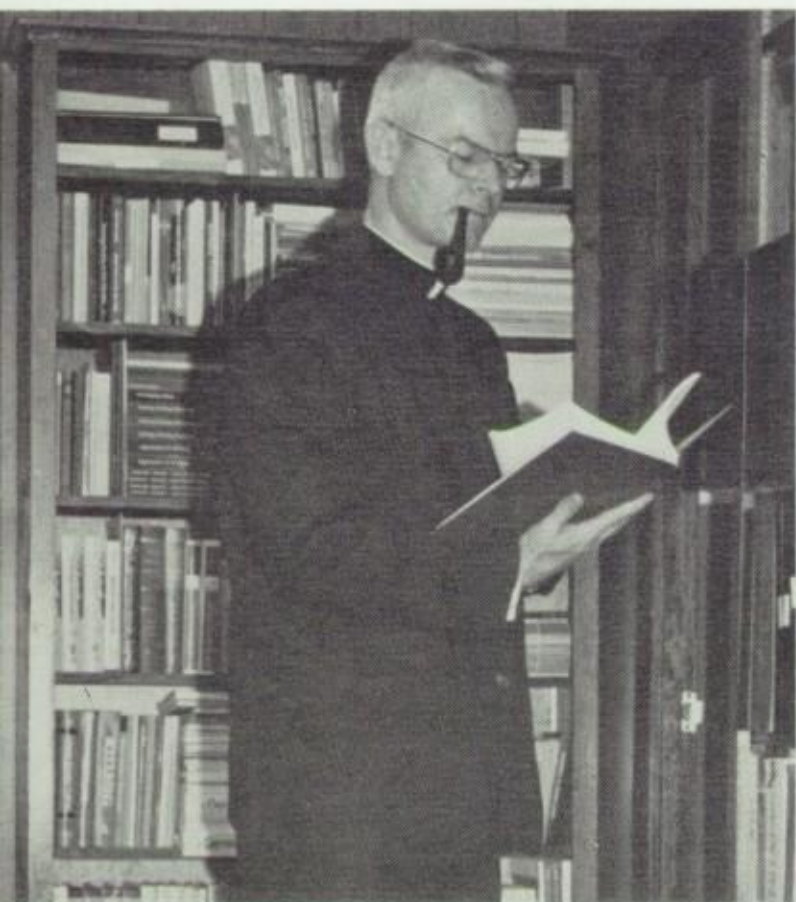

Mr. Charles P. Steckel

Vice-principal Charles Steckel's pivotal duties are often overlooked but never unappreciated. His important coordination of the faculty is inseparable from the overall welfare and education of the Bonner student. As an integral part of the administrative process, Mr. Steckel adds to his duties the role as the principal's working connection to the academic life at the school. Such responsibilities and efforts go largely unpraised, clearly an injustice we should realize and remedy.

STUDIES DIRECTOR

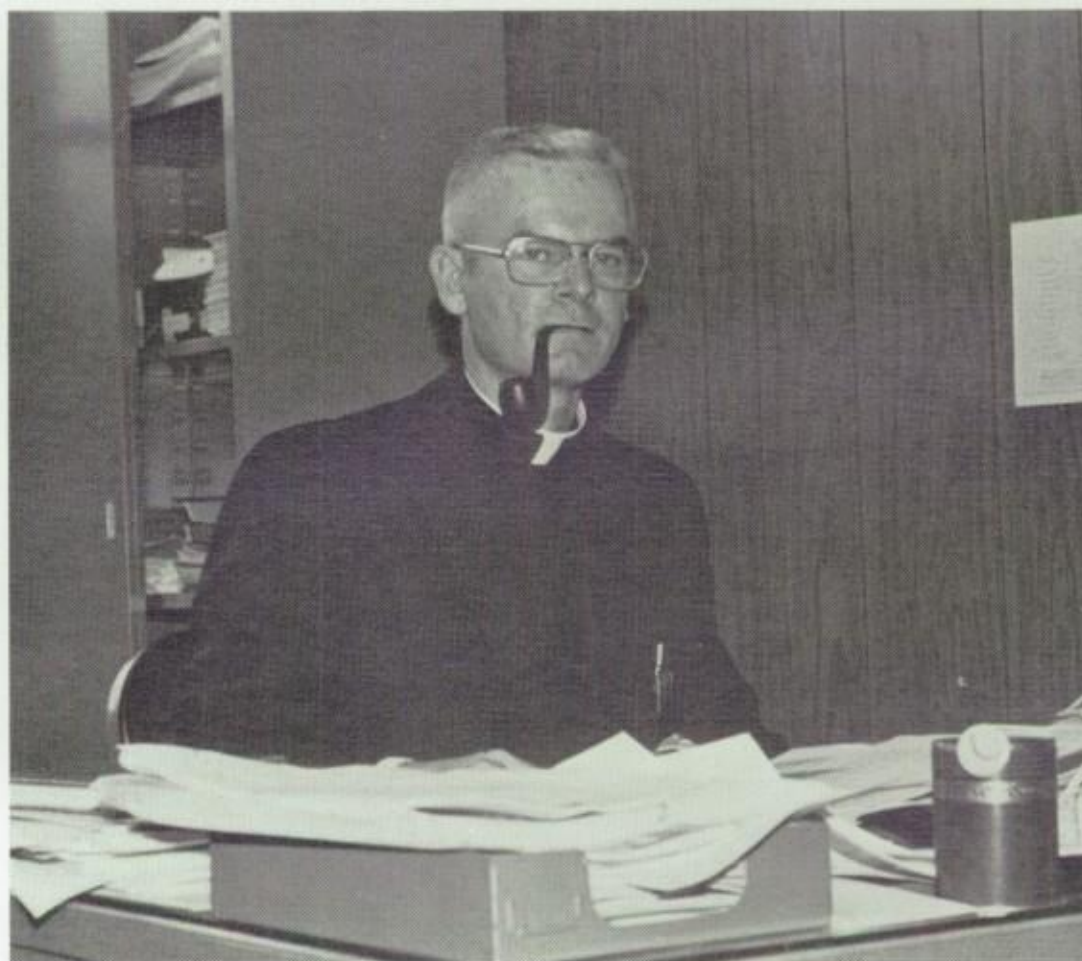

The primary function of Bonner is to educate. Director of Studies Fr. James Elliott shoulders the responsibility of developing a curriculum appealing to the interests and needs of the Bonner student. Fr. Elliott's direction of the vocational-technical program is responsible for the development of an additional facet of the complex Bonner system. His extensive experience in academics has contributed immeasurably to the recent excellence of the educational program. To stimulate the collective interests of an entire student body is a task demanding sensitivity and awareness. Bonner has little to worry about while this responsibility is in the hands of Fr. Elliott.

DEANS OF MEN

No system of social arrangement, no matter how cleverly devised, no matter how democratic in character, is adequate to preserve freedom unless it is underguided by certain habits and attitudes which are shared by members of the society. The claims of society and the claims of the individual will always be in potential conflict. If young people have been suckled on the legends of free men, if they have seen their fathers and grandfathers act in defense of freedom, if tradition instructs them in how free men conduct themselves, the chances of freedom are relatively good.

"Properly understood, the college or university is the instrument of one kind of further education of those whose capacities fit them for that kind of education.

Some youngsters will want to get as far away as possible from 'book learning' and some will not. But all should somehow continue learning.

We must enable the young person to understand that his stature as an individual and his value as a member of society depend upon continued learning—not just for four years or a decade, but throughout life."

LEARNING MATERIALS CENTER

One exciting development in the area of education is the evolution of the librarian into a full-fledged educational technologist. Communicating via media means more than knowing how to thread the machine and focus the lens. It requires a breed of people who are concerned equally with the medium and the message. The emphasis of audio equipment beyond the studio and into the classroom has made a big difference in the quality of communications specialist working in the educational system.

CAFETERIA STAFF

One of the most taken for granted, yet most dedicated groups of people at Bonner, are the cafeteria ladies. These women, working every day that sessions are held, provide that home touch which is essential for the emotional well-being of every student; for this we give our thanks to the cafeteria ladies.

"Constantly risking absurdity and death whenever he performs, the poet, like an acrobat, climbs on rime to a high wire of his own making. For he's the super realist who must perforce perceive taut truth before the taking of each stance or step in his supposed advance toward that still higher perch, where beauty stands and waits with gravity to start her death-defying leap. LANGUAGES

"Language is something to which everybody contributes by the mere fact that he speaks it. Parents transmit their language peculiarities to their children, teachers to their students and leaders to their followers. The contribution of the individual is most often unconscious. The most fertile field for the co-operation of the entire community is language, which everyone, with practically no exception, possesses and uses. Therefore the study of language is a social science to the highest degree. Language is the tool and product of all human society."

"Mathematics is an activity governed by the same rules imposed upon the symphonies of Beethoven, the paintings of DaVinci, and the poetry of Homer. Just as scales, as the laws of perspective, as the rules of metre seem to lack fire, the formal rules of mathematics may appear to be without lustre. Yet ultimately, mathematics reaches pinnacles as high as those attained by the imagination in its most daring reconnoiters. And this conceals, perhaps, the ultimate paradox of science. For in their prosaic plodding both logic and mathematics often outstrip their advance guard and show that the world of pure reason is stranger than the world of pure fancy."

SCIENCE

My success as a man of science, whatever this may have amounted to, has been determined, as far as I can judge, by complex and diversified mental qualities and conditions. Of these, the most important have been—the love of science—unbounded patience in long reflecting over any subject—industry in observing and collecting facts—and a fair share of invention as well as of common-sense.”

"The extent to which we can hope to understand ourselves and to plan our future depends in some measure on our ability to read the riddles of the past. The present, for all its awesome importance to us who chance to dwell in it, is only a random point in the long flow of time. Terrestrial life is one and continuous in space and time. Any true comprehension of it requires the attempt to view it whole and not in the artificial limits of any one place or epoch. The processes of life can be adequately displayed only in the course of life throughout the long ages of its existence."

Whenever Monsignor presided at the various activities they meant more to everyone; he had a way of making each girl proud of her responsibilities: to those who represented the school at a broadcast, he gave encouragement, just by listening in: his genial smile and congratulatory words on commencement day were an incentive to continue to live up to the high standards for which Catholic education stands.

"Student Council '75" was a phrase heard often around Bonner this year. It was one associated with interest and success. It was one which brought a spirit of optimism and a renewed vigor to the whole concept of student government. Under a new constitution, "Student Council '75" achieved many things, running the gamut from bonfires to better exam scheduling from season tickets for basketball games to student control of their parking lot, and from publication of a newsletter to a political candidates night. Through these and other accomplishments, the Council established a positive attitude toward "Student Council '75".

COMMUNITY SERVICE CORPS

Your Friend
Michael Di Croce

The role of the Community Service Corps in the community is one of great benefit. The C.S.C. has over twenty programs in which the members assist the underprivileged and the unfortunate. Operations; Incentive (tutoring), YES (visiting convalescent homes and orphanages), and Santa Claus are Bonner's most active programs.

A feeling of personal satisfaction and accomplishment is known to all active members. People from all races, religions, social-economics backgrounds and from all parts of the area frequently join together in programs, weekend seminars and workshops exchanging ideas and feelings.

All the members and especially the moderators (Mr. Fisher, Mr. Skowronski, and Fr. Doran) deserve the highest recommendation possible for their help and cooperation—they're the best Bonner has!

MUSICALE

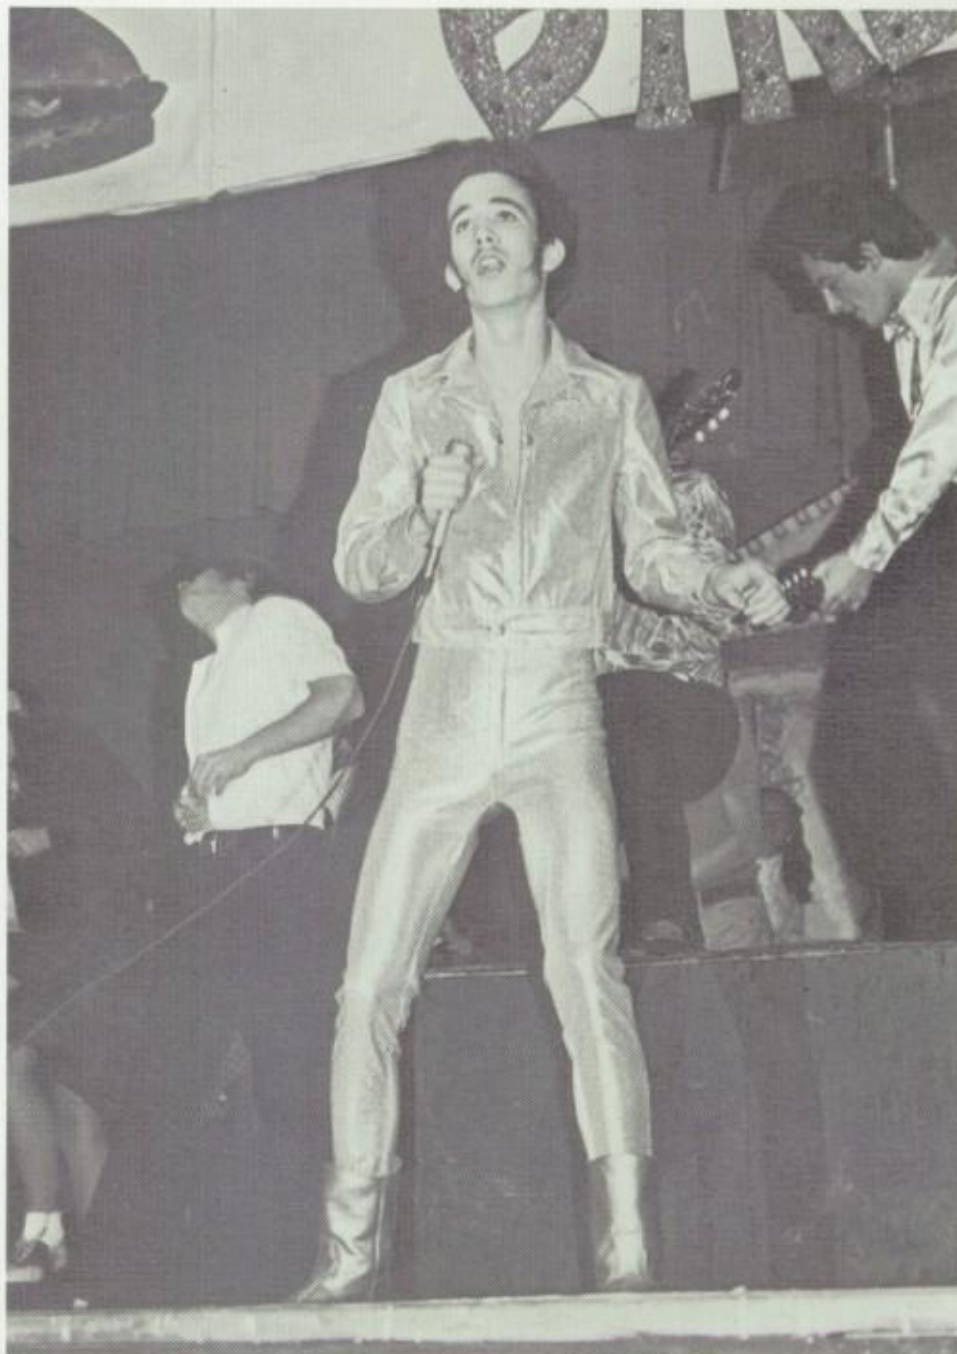

"Bye Bye Birdie" graced our stage in late November. A musical spoof of the "Elvis Presley years," it charmed the audience with its sure-fire lines and great songs along with intricate dancing. Its cast complimented each other and brought out the best in this already appealing show. And, did the audience love it! Girls swooned as Conrad Birdie (Marty Howley) "bumped and ground" to the music. Boys cheered as Hugo Peabody (Matt Jordan) won back his rightful sweetheart, Kim McAfee (Ann Lynch). The hearts of all, man, woman and child were greatly touched as Albert Peterson (Mike Curry) cast off Mamma (Andrea Dietzler) and romantically proposed to his perennial love, Rose Alvarez (Mary Ann Murphy).

"Bye Bye Birdie" was an enthusiastic show, one which filled its cast with excitement and its audience with delight.

"This is Father Bonner speaking. You make me very proud when . . ."

Monsignor's pride in our accomplishments was a source of encouragement to each of us. He believed in youth. He hoped great things for us. He dared us to strive for the highest attainment in every study we elected, every task we tackled, and every activity we entered into. Monsignor could communicate his own enthusiasm and intense eagerness to the youngest among us. His eyes sparkled and we felt the compulsion of his "Won't you?". We grew stronger and better as we caught his great spirit and we were glad when we won his praise.

UNDERCLASSES

*76

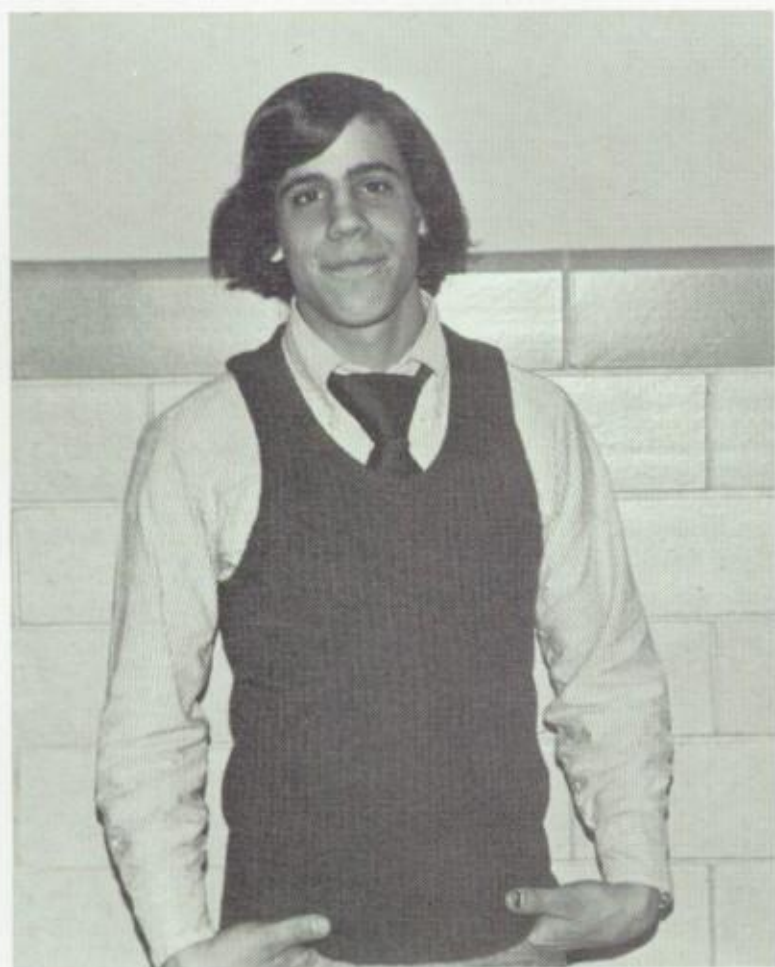

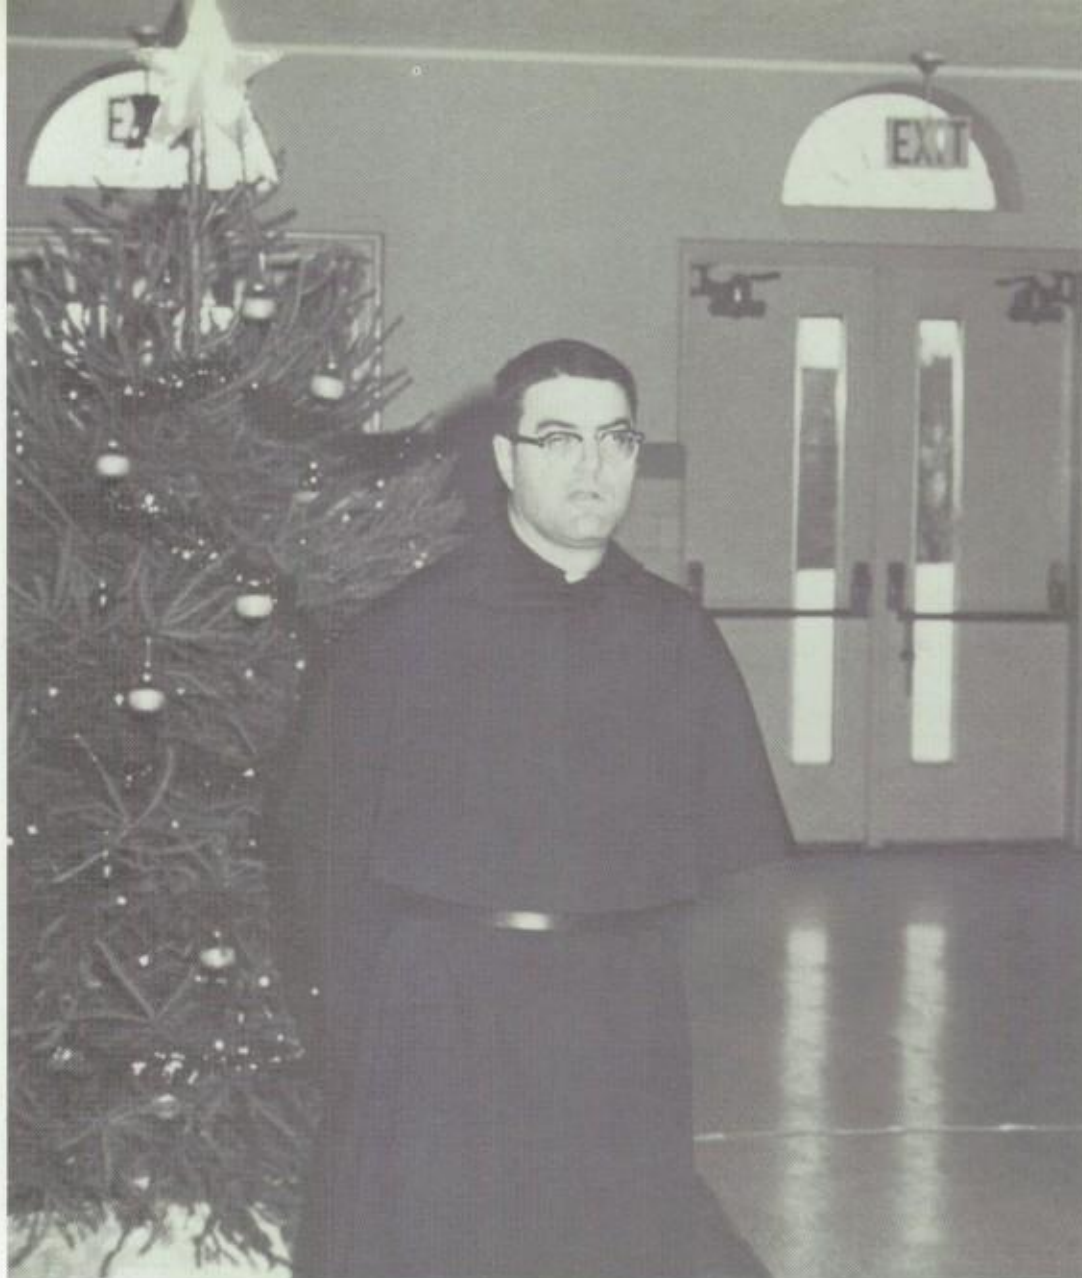

The "Class of 76" never had a dull moment with 2 car washes, an October Dance, the Junior Ring day, the Donkey Basketball Game, the trip to the Palestra, the Dance in January, the Septathalon, the Talent Show, various other social events, and of course the Prom. Athletics, and academics did not elude the Juniors as they excelled in both.

A special thanks must be given to "Fr. Tom" whose tireless efforts gave the Juniors memories not soon forgotten.

In the past year the Sophomore class has been very successful in completing everything it set out to do in September. We have offered a wide assortment of activities to all interested and have had many other noteworthy accomplishments. Many members of the class of '77 have excelled in academics, athletics and all of the other functions which make up "Bonner". With this year now behind us we are looking forward to two more very prosperous years.

A late beginning was not a discouragement as the Class of '78 got off to a big start with the Christmas Dance being a big success. Then a basketball league and the class newspaper were started; all topped off by the Frosh Hop. None of this could have been acquired without the assistance of Brother John Baker, O.S.A.

We continue in his ideals . . .

The Catholic League of Philadelphia was organized in the autumn of 1919. At the time there was an evident need to provide adequate standards of eligibility to govern participation in scholastic athletics. There was also a growing feeling that all the Catholic High Schools of the area should compete together in the various sports, with the idea of facilitating schedules and also of providing an official champion in the various sports. Father John J. Bonner conceived the idea of achieving these objectives by the formation of the Catholic League.

FROSH FOOTBALL

VARSITY BASKETBALL

This year in the winning tradition of the class of '75 and under the leadership of such seniors as Terry Hannan, Frank Sivieri, John Freil, and Dan Cassidy, Bonner brought back to life a spirit of excitement. For the fifth straight time Bonner's mighty Friar trampled O'Who's bumbling pussycat. Thanks to Coach Bernhart for his dedicated guidance through a very fine season, but most of all thanks Friars for your hard work, determination and revival of an almost forgotten feeling.

JV BASKETBALL

Despite being over-shadowed by the Varsity squad, the Friars JV team also proved they were much superior than their opponents. The team, coached by Mr. Campanile, was strong in all aspects of the game. The team had experience in Dan Curry and Tom McGlone to mix with new stars like Frank Noonan.

FROSH BASKETBALL

The Freshmen Basketball team has had a successful season under the direction of first year coach Mr. Dennis Fisher. The young upstarts were headed by playmaker Rick Sabol. With the experience they gained this season they will be able to meet the challenge of JV and hopefully Varsity Basketball.

Kneeling: L. Conram, R. Sabol, B. Smith, R. Joyce, G. DeFusio, L. Henry, B. Levy, *Second row:* D. Saluca, T. Warrell, W. McLendin, G. Ozedezinski, J. Stoffer, B. Freil, M. Morrison, R. Ryan, J. Martin, C. Verzack, P. Crawford.

ICE HOCKEY

This year Bonner's Ice Hockey Team had a good season; playing home games for the first time in Havertown's New Skatium. The team was led by Seniors Mike Darmiento, John Crowe, Mike Cleary, Phil Chiarrochi, Carl Bachman, Bob Oliva, and Ed Bowes. Having some fine support from the fans made this a good season.

SOCCER

The 1974-75 "Booters", led by team captains Marty Gallagher and Pete Greskoff, enjoyed a fine season with a 13-4-1 (12-2 league) record. Hampered by injuries all year the team fell just short of a City Championship. A main strength of the team was the Defense, led by Goalie Ed Ravert and Fullbacks Bill Kenny, Ed Eisenstein and John Ferrise, accounting for 8 shut-outs. League leading scorer Mike Darmiento and Forwards Joe Chupein, John McGlynn, Terry Heenan, and Gary Doyle scored more goals than any Bonner team in history. This years team was one of the finest in Bonner history, capturing its second consecutive Southern Division title and making an imprint on Bonner that won't be forgotten.

Bonner's Cross-Country team deserves special recognition this year. Winners of the City, Catholic League, and Delaware County Championships, they showed what teamwork and dedication can do. Under the capable direction of head coach Fr. O'Leary, our harriers enjoyed bringing the City Championship back to Bonner after a lapse of six years.

Their success was due not only to a few outstanding runners, but to an overall depth unmatched by any team in Philadelphia.

In a sport that requires stamina, guts, and a lot of determination, Bonner proved to every other school in the area that these qualities made them one of the best teams in the history of Philadelphia Cross-Country.

BOWLING

Coming off another winning season, Bonner's bowlers were out to keep the prestige earned by past Friar teams. This year Bonner featured a new head coach in Mr. Robert Vent, who took over for Fr. Joe Reynolds. In the early stages of their surge toward the top, the team was led by senior Andy Ward. The team was also aided by seniors Chris Dalton, Vince Grillo, and Mike Mascitelli. From the start the bowlers looked strong, and they finished well again this season.

VARSITY BASEBALL

Every player dreams of playing at the Vet. Once again, under the direction of coaches "Fox" Stratton and "Air" Vent, the Baseball team continued on their winning ways. With the dedication of such players as returning lettermen Pete Greskoff and Mike Henderson, the team was led on to a very successful season.

"I express my deep and sincere congratulations"

My dear Seniors:

Your fine, devoted teachers here are proud of your accomplishments up to date. They have high, lofty hopes for your future. May life be kind to you. May you know much and great joy, and but a minimum of sadness. These are our good wishes to you. To them we join the fervent prayer that the good God will keep you in His care; bless you abundantly through the years, and grant you the supreme grace of perseverance in His service until the end.

Sincerely, John J. Bonner

And now it's ours.

Senior Moderators

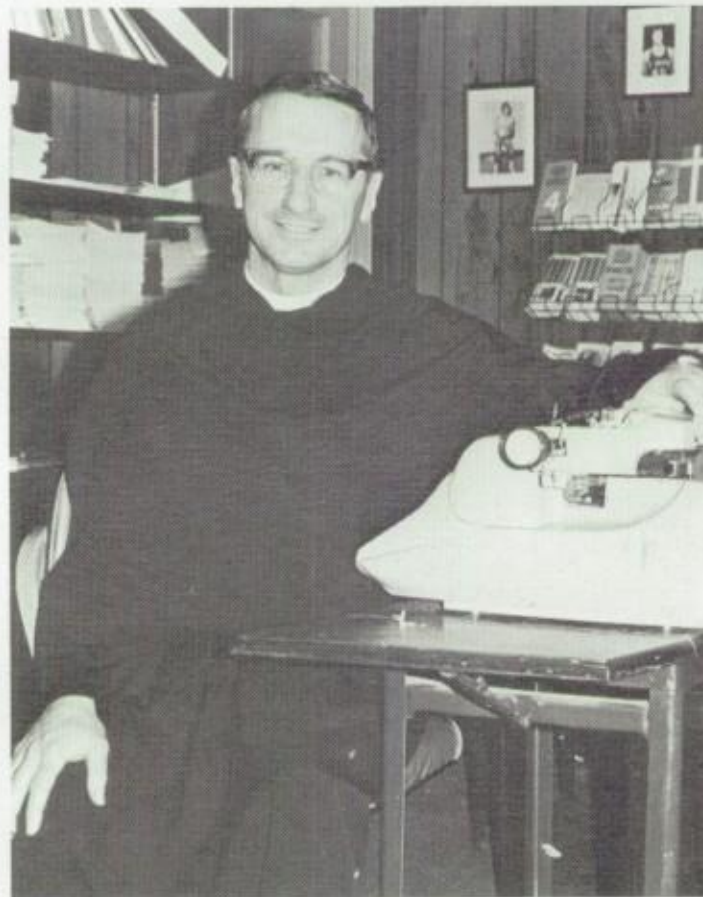

Our class had the good fortune of being awarded the services of Mr. Bernhart and Fr. Jordan as moderators. Under the direction of these fine men, teachers, friends, hte class of '75 has prospered and brought fame and honor to Bonner. In the future, each of us when looking back on our days here will be thankful to both of them.

SENIOR CLASS OFFICERS

In four years of high school; new friends, new surroundings, and new learnings are experienced. The class of 1975 made the most of their experiences at Bonner; beginning with the Frosh Hop and finishing with graduation from the Villanova Fieldhouse. As we embark on a new beginning, we thank Mr. Bernhart and Fr. Jordan, our moderators and the whole Bonner community for helping us to prepare for future experiences.

SENIORS REFLECT

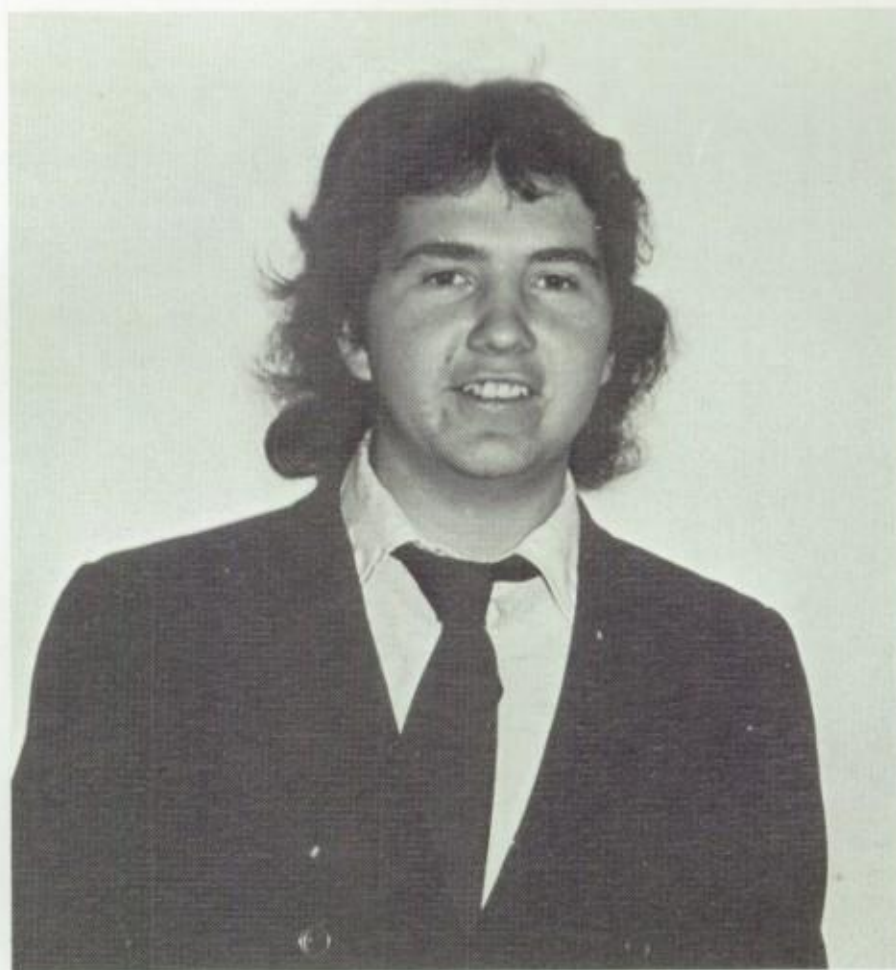

CHUCK HALPIN

I've received a better education at Bonner than I would have anywhere else...nothing spectacular though...the courses are good...I've learnt to accept people for what they are...I've grown here...not spiritually as much as I thought I would at a Catholic school...I've enjoyed myself...I'm glad I came...I've spent four years of life here...Bonner does need some change...especially the discipline office...I hope I'm prepared for the future...I'll have to see.

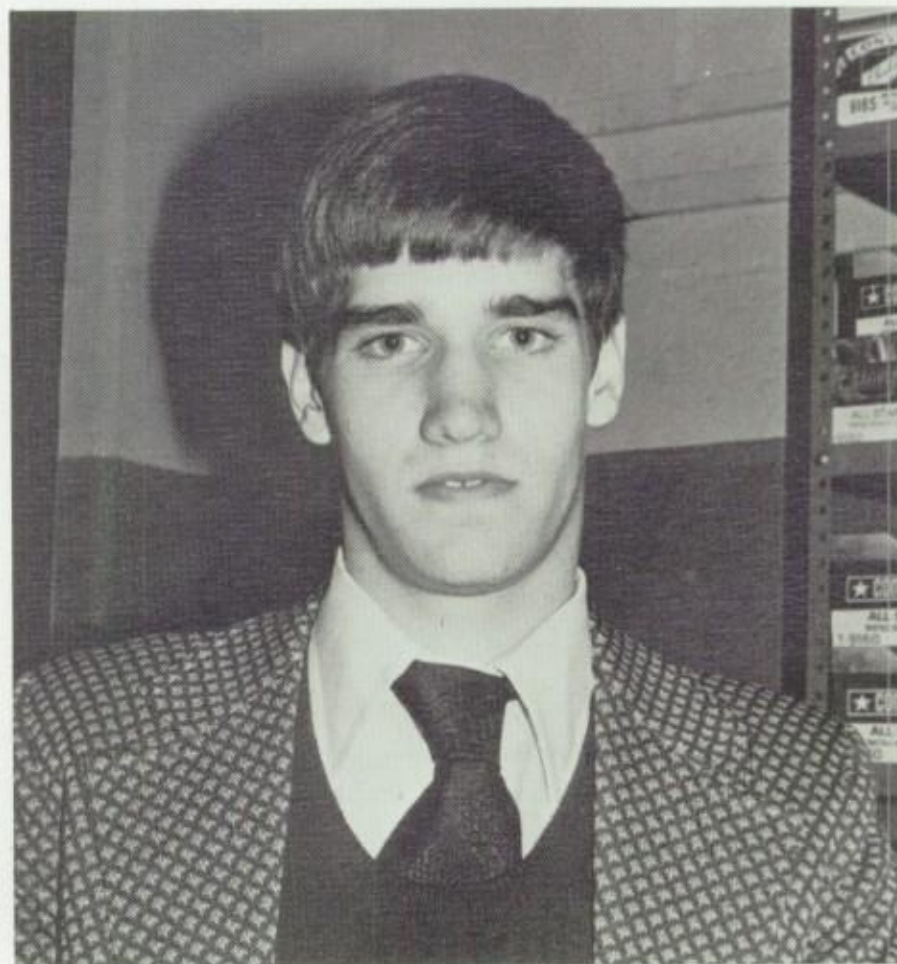

BILL MURPHY

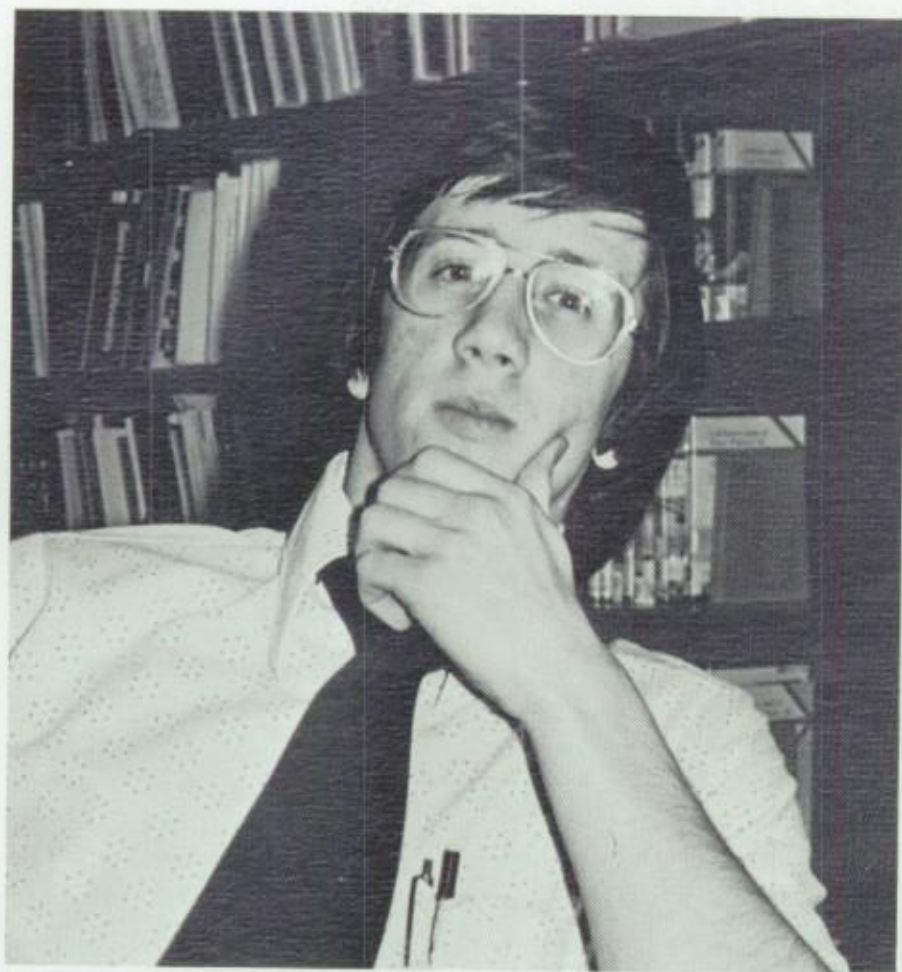

As long as I've been at Bonner I think that every time I came into the school I grew...the people here were the instruments which helped me grow...this is such a great place...the greatest place I've ever been at in my life...I like the faculty, the people...Bonner, I feel has prepared me for the future...I'll never forget this place.

JOHN McGETTIGAN

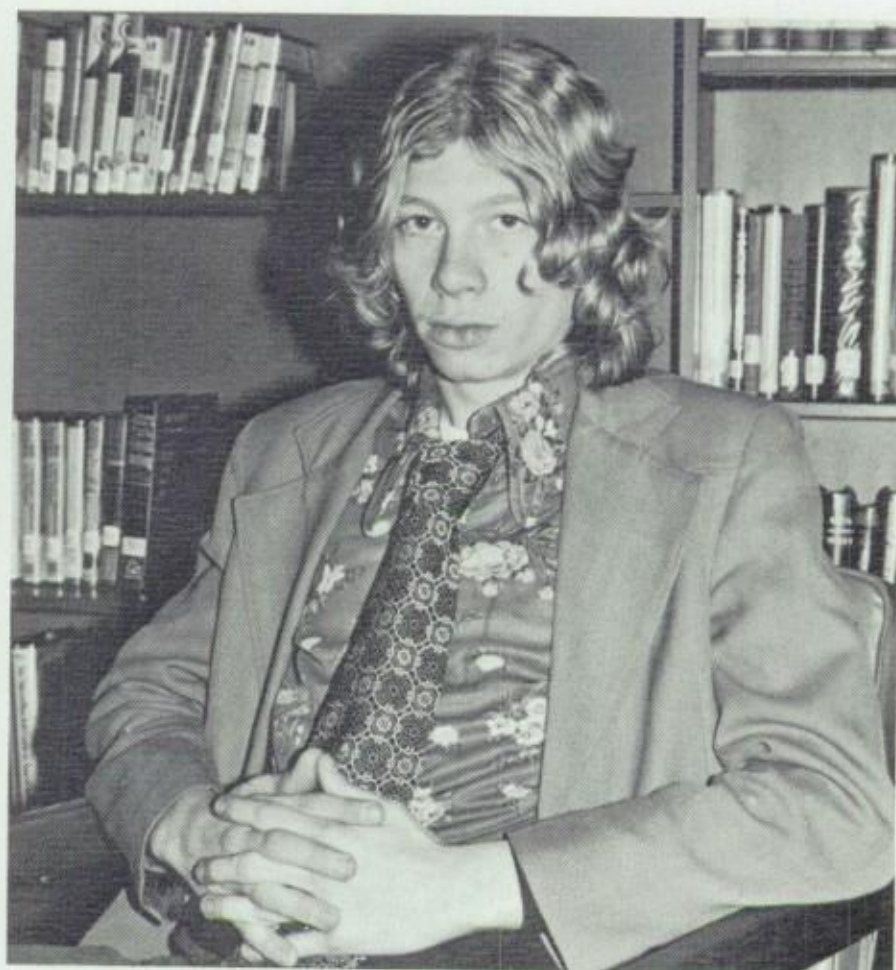

Looking back over my four years I've enjoyed almost every aspect of Bonner...I've grown spiritually...the senior retreat helped me a lot...I've met a lot of people...my education was good...it's a really good school...This doesn't mean I wouldn't like some changes...the athletic department should change...it should give guys more opportunities...I think I'm prepared for the future...I'll know when I get out there...I'll remember Bonner.

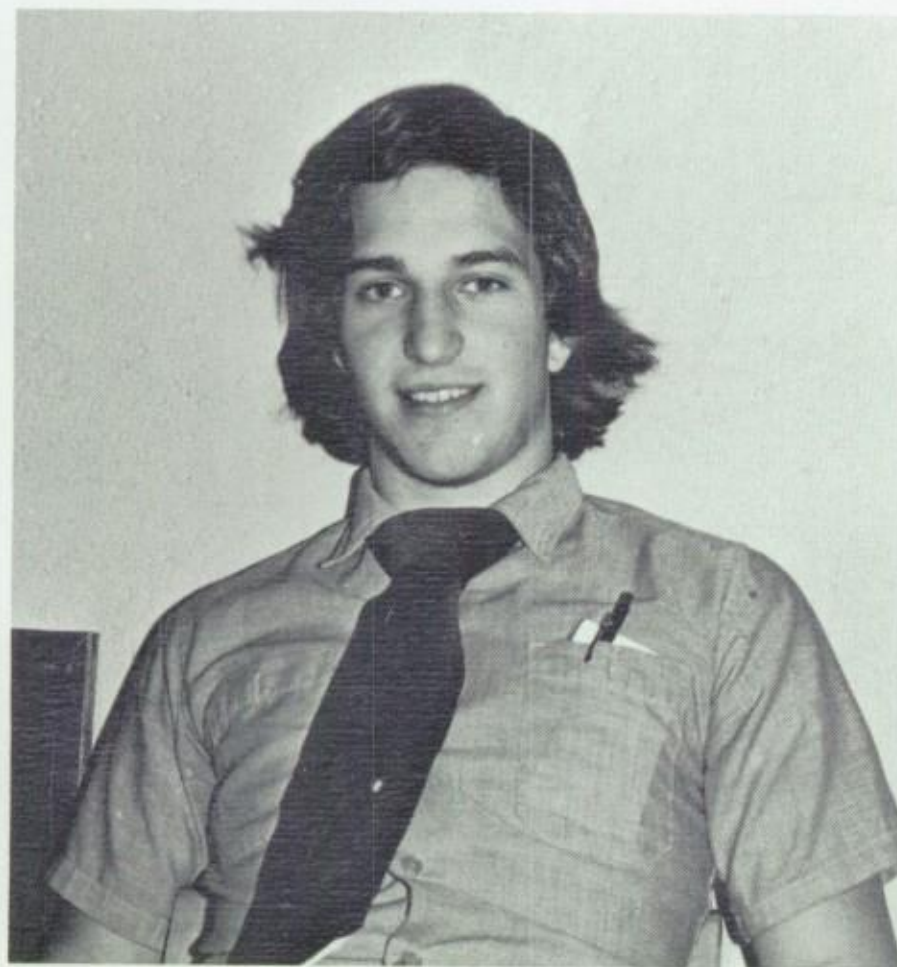

CHARLIE VILLARE

My education here at Bonner has been a good one... you learn more than just course work... theology courses pulled out a lot of points about life... they've helped me decide how I feel about things... I think I've grown in every way... the chance to go to Vo-Tech and being involved in class activities are what I enjoyed most... I've definitely had a lot of fun... I feel I'm prepared... I'm really glad I came to Bonner...

MARK BRADY

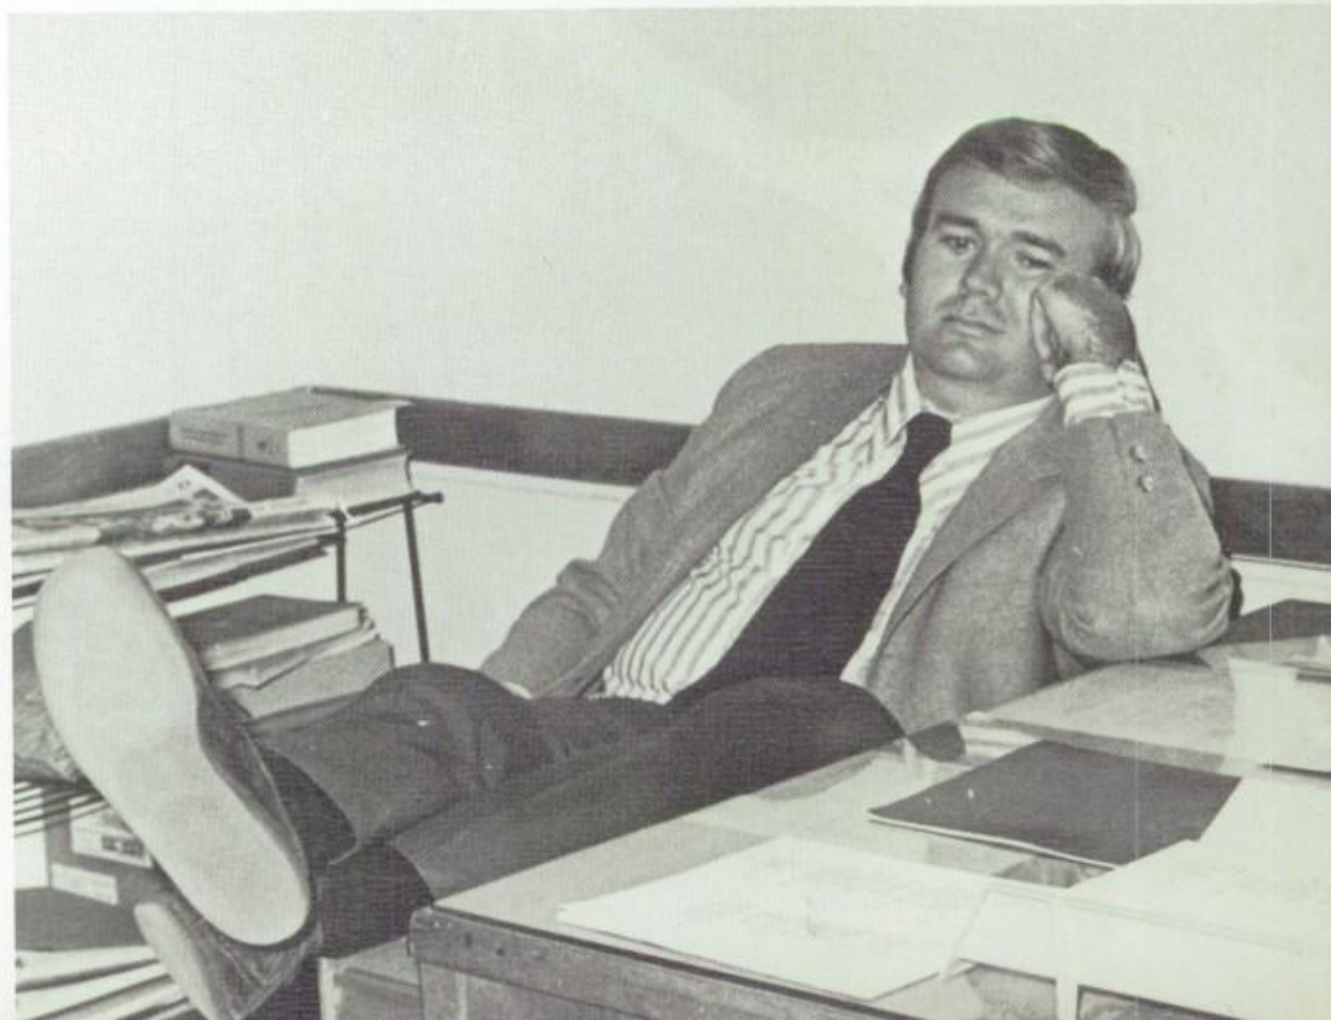

I would imagine that Bonner has prepared me for the future... I already know what I'll be doing... Bonner really didn't play a part in that... Bonner enlightened me... The people have been pretty decent... In the future Bonner will mean something to me... how couldn't it?... It's been a pretty good four years...

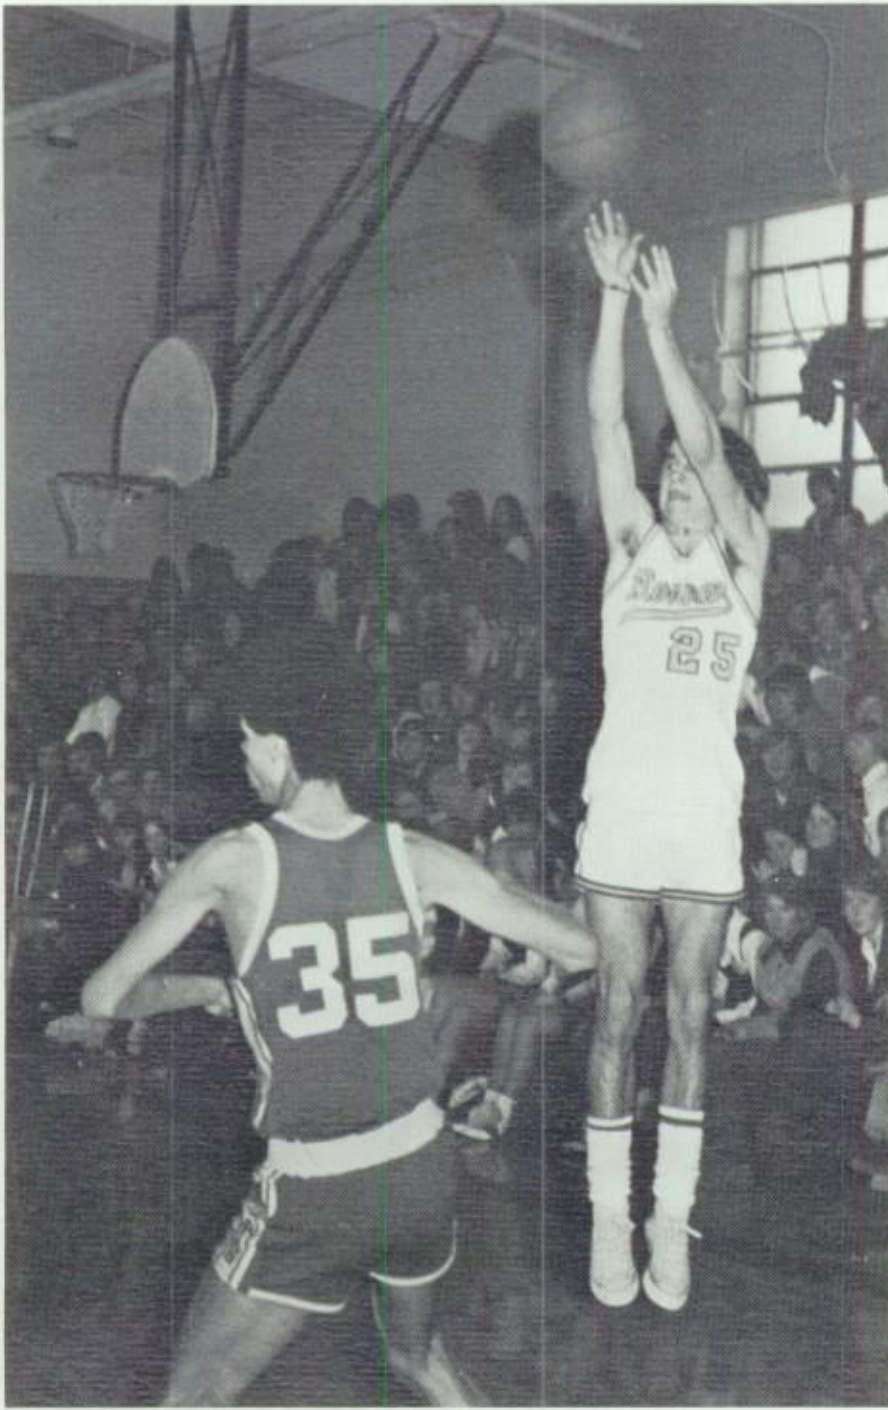

GEORGE WILSON

My four years at Bonner were pretty meaningful... more than I thought it would be... I know I've grown spiritually... I got a well rounded education... the people and the atmosphere make Bonner... I will regret to leave... I'm gonna look back and say wow I wish I was back at Bonner... you are hampered by certain rules... they can get in the way... Bonner has prepared me for the future because my interest in Bonner made me interested in people... Bonner will definitely be a pleasant memory...

SENIORS PROJECT

OUR WISHES FOR YOU.....

May God bless and keep you always.

May your wishes all come true.

*May you all do for others
and let others do for you.*

*May you build a ladder to the stars
and climb on every rung.*

May you stay—Forever Young.

May you grow up to be righteous.

May you grow up to be true.

*May you always seek the truth
and see the light surrounding you.*

*May you always be courageous
stand up-right and be strong.*

May you stay—Forever Young.

May your hands always be busy.

May your feet always be swift.

*May you have a strong foundation
when the winds are changing shift.*

May your heart always be joyful.

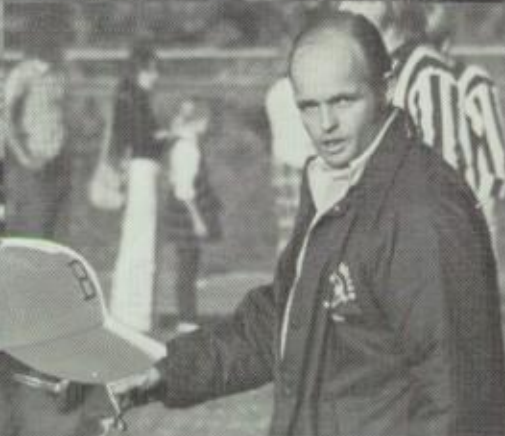

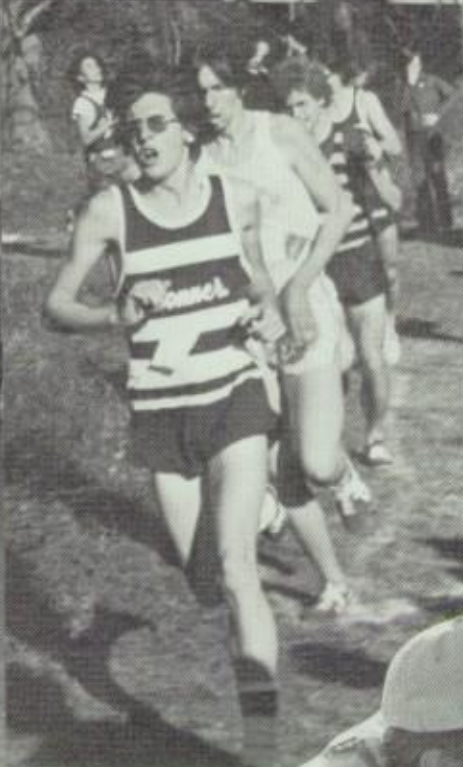

May your song always be sung.

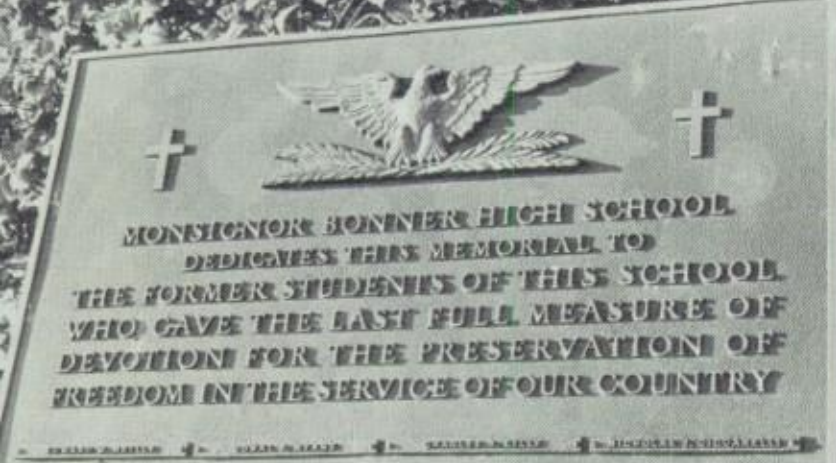

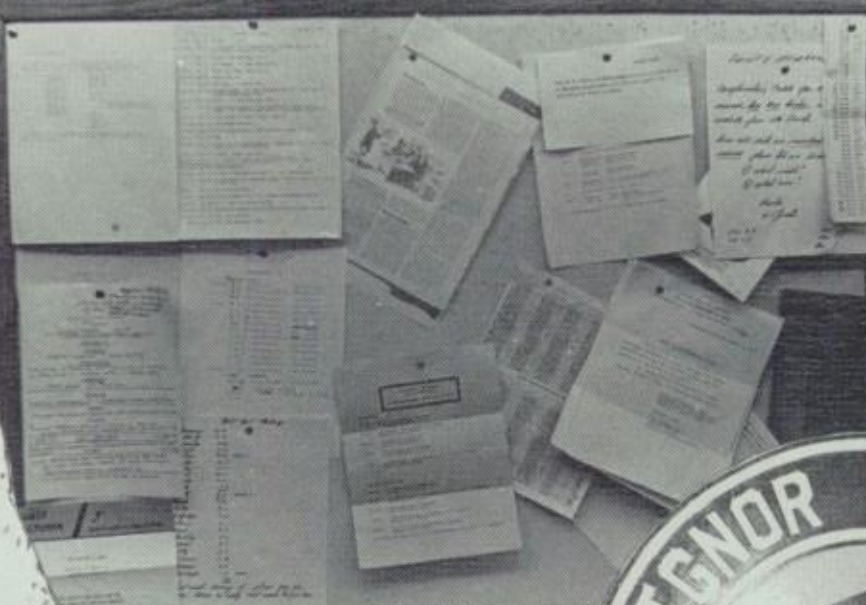

May you stay—FOREVER YOUNG!

Bob Dylan

Fellow Graduates,

As you are all aware the Bon-Aire goes to print long before graduation; for this reason we decided to leave this graduation page blank. Instead of filling this page with posed photographs we have left it for you to fill with those pictures which are of personal value to you. We wish you all the best of luck.
